Chartered Accountant (CA)

Description

The Chartered Accountant will oversee all aspects of financial management, including reporting, budgeting, risk management, and compliance. This role involves providing financial insights to support strategic decision-making, managing a high-performing finance team, and ensuring the company's financial health and compliance with regulations.

KN Advisors is a forward-thinking organization focused on delivering exceptional results through innovation and teamwork. We are seeking a skilled and driven CA to lead our financial operations and contribute to our company's growth and success.

Responsibilities

- Reporting: Producing financial reports, including monthly and annual reports
- Budgeting: Preparing budget forecasts and managing budgets
- Financial analysis: Analyzing financial data, industry trends, and market trends
- Financial operations: Overseeing day-to-day financial operations, such as payroll, invoicing, and other transactions
- Risk management: Developing risk-minimizing strategies and managing monetary risks
- Compliance: Ensuring compliance with financial regulations and legislation
- Business planning: Developing long-term business plans and strategic business plans
- Financial policies: Establishing and maintaining financial policies and procedures
- Staff management: Leading, developing, and supporting the finance team
- External relationships: Developing external relationships with auditors, solicitors, bankers, and other organizations
- Financial guidance: Providing financial guidance to other departments within the company

Other responsibilities may include:

- Advising on future business decisions
- Managing taxation matters
- Monitoring internal financial control
- Reviewing monthly balance sheet reconciliations
- Overseeing the operations and development of the finance department
- Recruiting and training staff
- Conducting regular assessments of financial procedures
- Overseeing IT needs and contracts
